September 14th 2022

To Whom It May Concern:

This letter confirmed the request made by Philip Baechler to edit order 2209C4L0016 & 2209C4L0015 to report mg/gummy instead of mg/bag of 10 gummies.

Per AZDHS, if any kind of sample information is altered after the report is issued, then the only way a new report could be valid and defensible would be for the new report to have information of what was changed, date of change, who changed and why. This can be in the information area of the COA.

Below is Philip, official request received 09-13-2022:

I hope all is well. Thank you for getting our orders turned so quickly for us. We have one request, can we get the above orders update to reflect mg per gummy for orders 2209C4L0016 and 2209C4L0015. They did get reported as mg per unit however they are reflecting as the whole 10 gummy package. Please let us know if there is anything you need from us on our end.

Thank you for the continue support.
